

Swift & Staley Inc.
FIXED PRICE
INTERNET UPGRADE PROPOSAL

Request for Quote (RFQ): RFQ 2022 0013

August 16, 2022:

Request for Quote released

Scope of Work:

In an effort to improve Internet connectivity for the Paducah Gaseous Diffusion Plant (PGDP) U.S. Department of Energy (DOE) site located on Hobbs Road in Kevil, Kentucky, Swift & Staley Inc. (SSI) is seeking pricing for new Internet services at the site. The services shall provide the following specifications:

- This service will be installed at the site where the main entrance is located at GPS coordinates of 37.097545 latitude, -88.820904 longitude.
- Minimum service speeds of 2 Gigabits per second (Gbps) for both uploading and downloading of internet traffic.
- Capability of future expansion to 10 Gigabits per second (Gbps) for both uploading and downloading of internet traffic.
- A minimum of 30 public IP version 4 (IPv4) static addresses to support external facing websites and other resources.
- A public IP version 6 (IPv6) network range and/or block of addresses that would provide addressing space for up to 5,000 endpoints.
- Service needs to be terminated in either the C-100 Server Room located at the site OR the C-104 Visitor access building which is located on the access road on Hobbs Road.
- Ethernet handoff by the vendor is expected to be 10 Gbps fiber connector. Vendor will specify the type of transceiver required for the handoff.

The vendor shall provide a quote which will include any non-recurring costs related to construction and build out of the service at the site. The quote shall also provide monthly recurring costs based on one year, two year, and three year agreements.
